_Top-three solution in Latin America according to Liminal

THE PROBLEM WE SOLVE

Businesses want to **understand customers and prospects better** so they can more confidently offer them more services. However, accessing and analyzing the necessary data can be a challenge. MetaMap solves this by aggregating data from a wide variety of sources to give merchants a far clearer picture of their users as quickly as possible.
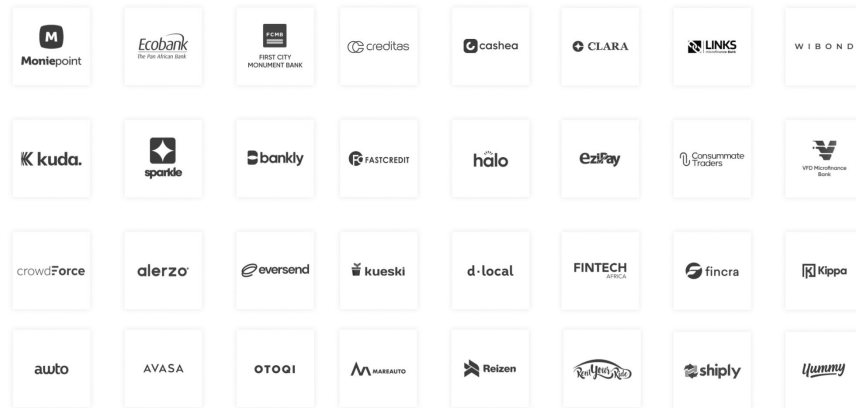

Our core use cases

KYC/AML Compliance	Authentication
Customer Onboarding	Financial Risk Management
